

**Modern Fern Mural** - As the colour green symbolizes nature, the Modern Fern Mural brings a calming effect and tranquility to the body and mind. The green of nature evokes feelings of renewal, balance and calm.

Canadian artist Marlene Luce's inspiration comes from a mixture of images from the natural world while traveling.

This unique collection is now available and custom printed on non-woven mat stucco effect wallpaper suitable for residential and commercial projects. For further information, I invite you to contact my representatives in New York and Amsterdam.
